General processing time for a visa application will be approximately 10 days.

In case of submitting documents confirming the relationship with an EEA National, issued by the third country, the Embassy request higher verification of the document (Apostille, superlegalisation).

If you intend to travel on your own (without an EEA family member) or without joining an EEA family member, you must apply for a regular visitor/tourist visa, as applicable, and the standard visa fee will apply.

The visa entitles its holder to enter and stay in the Schengen area for not more than a total of 90 days within any 180 days period. This visa may be issued for one or several entries (single entry, two entry and multiple entry visa).

The submission of complete documentation does not in any way guarantee that your application will be approved.
